

Del Norte, Humboldt & Mendocino Counties

NORTH COAST TSUNAMI DRILL

 **March 26**

 **11 am**

REGISTER TODAY
to participate at:
bit.ly/NCTsunamiDrillForm

On March 26, at 11 am, the Office of Emergency Services in Del Norte, Humboldt, and Mendocino counties will issue test alerts encouraging the public to practice their earthquake and tsunami plans by:

IF YOU ARE IN THE TSUNAMI ZONE:
practice your evacuation plan by walking out of the tsunami zone.

IF YOU ARE NOT IN THE TSUNAMI ZONE:
stay put! You do not need to evacuate. However, take time to think about what you would do after a damaging earthquake.

Remember that dangerous tsunami waves can last a long time; up to 24-48 hours after the first wave. In a real event, do not enter the tsunami hazard area until you receive notice that it is safe to do so.

Know Your Zone

Visit the Redwood Coast Tsunami Work Group website to check if your home or business is in a tsunami zone.
