

THE SEVEN **7** STEPS FOR EARTHQUAKE & TSUNAMI SAFETY

Tear off this page and put it on your refrigerator, bulletin board or other prominent place. Make copies for other family members.

PREPARE

1 Secure Your Space (pg 20)

- Identify items that may fall, topple or slide
- Secure potentially hazardous and valuable items
- Determine if you live, work or play in a tsunami hazard zone

2 Plan to be Safe (pg 22)

- Practice “Drop, Cover, and Hold On” drills
- Collect critical supplies
- Choose a meeting place and an out-of-area contact
- Recognize the natural and official warnings of a tsunami and know how to respond

3 Organize Disaster Supplies (pg 23)

- Create kits for home, work and car
- Be prepared to be isolated for at least a week

4 Minimize Financial Hardships (pg 24)

- Identify weaknesses in your building and fix them
- Consider earthquake and/or flood insurance

SURVIVE

5 Drop, Cover, and Hold On (pg 26)

- **DROP** to the floor
- **TAKE COVER** under a sturdy table or desk
- **HOLD ON** until the shaking stops

6 Improve Safety (pg 27)

- If you are in a tsunami hazard zone, immediately **WALK** to higher ground or inland away from coast
- Check for injuries and damage

RECOVER

7 Reconnect and Restore (pg 28)

- If you evacuated coastal areas—stay away until officials permit you to return
- Be in communication—use your radio for info
- Expect aftershocks—some may be large enough to do additional damage
