Earthquake and Tsunami Time to Prepare

Use your *Living on Shaky Ground* magazine to plan your Grab and Go Bag and increase the safety of your home.

| 1. | What is a | Grab and | Go Bag? | Why is | having | one impo | ortant? |
|----|-----------|----------|---------|--------|--------|----------|---------|
|----|-----------|----------|---------|--------|--------|----------|---------|

| 2. | Turn to page 25 and select <u>SIX</u> items to put in your Grab and Go Bag. List them here. | | | |
|----|--|--|--|--|
| | | | | |
| | | | | |

3. Choose **FOUR** items in the house below and describe how each can be made more earthquake safe. Which items in your *own* home can be secured to improve earthquake safety?

Instructor's Notes Earthquake and Tsunami Time to Prepare

Grab and Go Bag: A grab and go bag is a bag pre-packed with essential items that can be grabbed from an easy to access location in your home, car, school, and/or work in case of an emergency.

Home Preparedness: Earthquakes are inevitable, but damage and injuries can be reduced by taking the time to prepare yourself and your home. Securing your space is an important part of earthquake preparation. Pages 20-23 of the provided *Living on Shaky Ground* magazine discuss steps to make your space secure in an earthquake.

Lesson Plan:

- The instructor will hand out copies of the provided Living on Shaky
 Ground magazines and the Earthquake and Tsunami: Time to Prepare
 worksheets.
- The students will work in small groups or individually to complete the worksheet, referencing their copies of *Living on Shaky Ground* to answer the given questions.
- The class will come together to discuss the worksheet, during which the instructor can provide any needed clarity and assistance.
