# Earthquake and Tsunami

## Time to Prepare

**Grab and Go Bag:** A grab and go bag is a bag pre-packed with essential items that can be grabbed from an easy to access location in your home, car, school, and/or work in case of an emergency.

### Lesson Plan:

- The instructor will hand out copies of the provided *Living on Shaky Ground* magazines and the Earthquake and Tsunami Grab and Go Bag worksheets.
- The students will work in small groups or as a class to complete the worksheet, referencing page 25 of *Living on Shaky Ground* to answer the first question. Then, students will color in five items that they would like to put in their Grab and Go Bag from the provided eleven item options.
- If completed in small groups, the class will come together to discuss the worksheet, during which the instructor can provide any needed clarity and assistance. The instructor will encourage students to share one thing that they included in their Grab and Go Bag.
